# Application Questions

These questions are provided for your further study and application of today's message. Thoughtfully writing out the answers to these questions and praying through the issues will help you further meditate upon God's Word in order to see the areas of your life that need change.

1. "And the life was the light of men" (verse 4) means that Christ has always been the light of men both before and after the fall up until the time of the incarnation. How were people able to see the "Light" shine in the Old Testament that gave them spiritual life? How did the light become known? What verses would you use to support your position?

4. In verse 5 John uses the term 'darkness.' Do some study as to the definition of "darkness" in the NT in general and John's usage specifically. How does John use the term? Is it different in other contexts?
