# Application Questions

These questions are provided for your further study and application of today's message. Thoughtfully writing out the answers to these questions and praying through the issues will help you further meditate upon God's Word in order to see the areas of your life that need change.

1. Write out a definition of the word "grace." A Mormon would state they are saved by grace in the sense that God is gracious to allow them to work their way to heaven. How would you explain to them the difference between their definition of grace and the biblical definition of grace?

---

---

---

2. Take a moment and read the closings of Paul's letters. What are the common elements in them? What are the differences in them? Which one do you find to be the most unique from the others?

---

---

---

3. Define the term "saint." Do some research and define the word saint according to Roman Catholic theology. What is the difference between their use of the word and its biblical meaning? What does being "set apart" mean as a saint? Set apart for what?

---

---

---

4. Take a moment and think through how you end conversations, letters, or emails. Do you end communication with someone else in a gracious manner leaving them with encouraging words? Do you end communication abruptly and/or ungraciously? Or like Paul are you commending them to the grace of the Lord Jesus? Ask a few of your close friends how you end conversations.

---

---

---

5. What are some additional thoughts and/or application from this morning's lesson? What does this passage teach you about man and about God?
